Development News

What's developing around town?

1. New Hangar at the Airport

Construction is underway on a new aircraft hangar at the Vulcan Airport. The new development is another welcome investment at the airport and adds to the facilities available at this important community asset.

2. New Senior's Lodge is at Building Permit Stage

The proposed new seniors facility has reached the building permit application stage, marking another step forward in the development process. The Town looks forward to seeing this important community project continue to progress.

3. Three Single-Family Homes Going up in Whispering Creek

Residential development continues in Whisp Greens, with three new single-family homes currently in various stages of construction. It's great to see continued investment and new housing taking shape in the community.

4. New Pre-Fab Home Delivered on Centre Street

A new pre-fabricated dwelling was delivered to Centre Street last week, adding another new residence to the community.

5. New Pre-Fab Home Coming Soon to 1st Ave S

More residential development is on the way, with a new pre-fabricated dwelling scheduled to be delivered to 1st Avenue South in September. It will be another welcome addition to Vulcan's housing inventory as development continues throughout the community.

A Message from Bylaw

A little upkeep goes a long way in keeping our community looking clean and cared for! Property owners are reminded to mow grass and manage weeds along fence lines and into the alleyway, up to the middle of the alley.

Keeping these often-overlooked areas maintained helps prevent weeds from spreading and contributes to tidy, welcoming neighbourhoods throughout Vulcan. Thank you for doing your part to help keep our community looking its best!

Welcome to our new residents moving into Town. If you have any questions relating to any Town services please pop in and talk to us and pick up a "Welcome Pack".
