

Vulcan and District Archives and Museum have a need to expand the present museum premises.

To preserve the history of our ancestors, the present museum is expanding by building our Phase 3 addition which will be 3080 square feet. This will showcase artifacts presently stored in members' garages and basements.

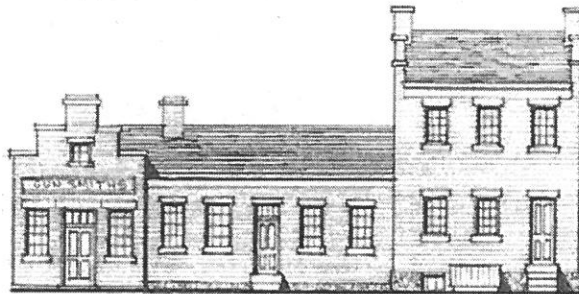

We would like to recognize the early homesteaders, pioneers, businesses and organizations on a wall of recognition in the museum. We are asking for donations in their memory by relatives or family friends.

Your donation will be acknowledged and a tax receipt will be issued to you, as we are a Charitable Organization.

Also the archives has expanded and need to relocate to have room to properly store original documents in archival files and boxes.

Phase 3 will include additional space for the museum and a home for the archives.
